

DIFFERENTIAL

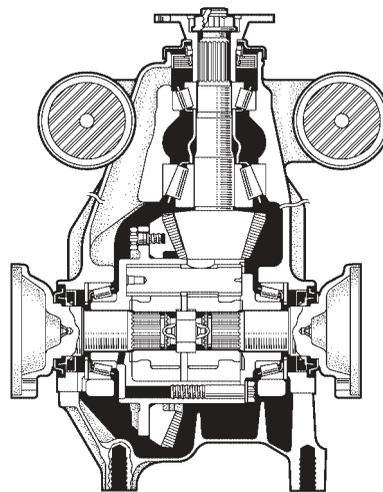

DESCRIPTION

- The IS300/IS300 SportCross comes with a conventional differential as standard equipment. A helical gear type TORSEN* LSD (Limited Slip Differential) is optional equipment.
- The differential is supported by a rear suspension member via rubber mounts which deter vibration and noise from being transmitted to the body.

204CH11

Conventional Type

204CH12

LSD Type

*: TORSEN is ZEXEL's registered trade mark.
