■ INTERIOR

1. Major Difference

The following interior parts have been changed.

- The console upper panel color and small storage compartment/front ashtray color has been changed from silvery sterling fiber to dark silver sterling fiber.
- The front ashtray has been changed to a small storage compartment. In addition, front and rear ashtrays are available as a set.
- Orange leather has been made available as optional equipment for the seats, shift knob leather and the leather around the F mark on the steering wheel.
